STIF, expert in explosion protection

Founded in 1984, the STIF Group is a French industrial group that designs, manufactures, and markets innovative industrial equipment for niche markets. Initially specialized in handling equipment for bulk products, such as elevator buckets, lifting straps and compression fittings, the family-owned Group has diversified in the last fifteen years by expanding into passive & active protections against the risk of industrial dust explosions and, since 2022, in the field of explosion protection for battery energy storage systems (BESS). With nearly 400 employees, product ranges listed and recognized worldwide, and five plants in France, Belgium, Asia and USA, the Group aims to become a global leader in industrial and energy security, both in Europe and internationally.
